

Every message that I have received from the Eternal Father and have shared with people has not been influenced in any way by other visionaries or locutionists. Regarding Mr. John Leary and his alleged messages, I support the judgment that was made and stated in his books by his local bishop, Mathew H. Clark.

Regarding the alleged messages of Maria Divine Mercy, I have never read them, and I don't know her. I support the judgment of the Church regarding her messages, which was negative.
